

## Ants Are Friends

👁 5 ✓ 0 ★ 1

### Chapter 1 by Lex

So once I was sitting on the steps of the school eating a cookie when I saw a group of like eight ants. All the ants had stuff to carry like Dorito bits or crumbs and whatnot, but one little ant didn't. He wasn't even going as fast as the others, he was moving so slow. So I placed a cookie crumb next to him and he picked it up. He caught up to all the other ants as fast as he could and I think I made that little ants day.

So every day for the next few days I sat in the same spot, at the same time, and fed the same ant because 8 ants always came across that same path as the day i met Theo. That's what I named him...Theo.

God my only friend is an ant that I feed junk food to...I need a life.
